STUDENT TEACHING GUIDE A-Z: FOR STUDENT & BEGINNING TEACHERS (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. This realistic guide helps identify and manage every day teaching situations in the elementary classroom. It is one master teacher's perspective what future teachers should know, as they prepare for their career. Staff Refrigerator - Always put your lunch on the top shelf. When the eventual lunch bag leaks, it is better to give wet sandwich sympathy than to receive it. Letter of Recommendation (LOR) - Your receipt for a completed job and proclaims your reputation. Do not leave student teaching without one from your master teacher, university supervisor, and principal. University courses tell others what you learned, but the LOR tells what you know. Class Clock - Set it three minutes slow so you will not be disturbed by Big Ben, interrupting lessons to let you know it is recess time. Remind the class of your hero status, as you repeatedly let them out to recess three minutes early every day! Everyone Failed My Test! - You just have to learn how to adjust and prevent it from happening again. Break the results down and learn from your mistake. What went well and what did not? A good test will have easy, medium, and difficult questions. You can throw out the results and start over, but that will affect your credibility and backlog other lessons. A good solution is to consider this one of those easy grades: "Take the test home tonight and fill in the correct answers for more credit." Re-grade their tests, giving more points based on the new answers. Now your failed test just became a take-home test, making both you and the students happier. Home Shopping Network - Watch as those ladies reel you in with smooth talk and compliments,...
